## About This Playbook

20 prompts covering every high-stakes negotiation scenario professionals face — salary and compensation, vendor and supplier terms, business deals, real estate leases, and contract clauses. Every prompt uses principled negotiation (interests, not positions), BATNA analysis, and anchoring techniques.

## How to Use This Playbook

- 1 **Copy the prompt** — Select the full prompt text from the section that matches your goal.
- 2 **Fill in the brackets** — Replace all [PLACEHOLDER] text with your specific context, brand, or product.
- 3 **Paste & generate** — Paste into ChatGPT, Claude, Gemini, or your preferred AI tool.
- 4 **Iterate** — Use the output as a starting point. Refine with follow-up prompts for best results.

## Who It's For

Professionals negotiating salary or promotions, founders and operators negotiating vendor and partnership deals, and anyone who needs to get a better deal on a contract, lease, or agreement.

# Table of Contents

## **Salary & Compensation**

- #01 — Salary Negotiation After Job Offer
- #02 — Counter-Offer Response
- #03 — Promotion Negotiation Conversation
- #04 — Equity & Bonus Negotiation
- #05 — Total Compensation Reframe

## **Vendor & Supplier**

- #06 — Vendor Price Reduction Pitch
- #07 — Payment Terms Extension Request
- #08 — Multi-Year Contract Discount Ask
- #09 — SLA Improvement Demand

## **Business Deals**

- #10 — Partnership Revenue Share Structure Proposal
- #11 — Agency Retainer Reduction Request
- #12 — Licensing Deal Counter-Proposal
- #13 — Acquisition/Exit Preliminary Term Discussion
- #14 — Joint Venture Agreement Draft Outline

## **Real Estate & Leases**

- #15 — Commercial Lease Negotiation Points
- #16 — Lease Renewal Rate Reduction
- #17 — Build-Out Concession Request

## **Contracts & Terms**

- #18 — Unfavorable Contract Clause Counter-Proposal
- #19 — Scope of Work Dispute Resolution
- #20 — Force Majeure / Exit Clause Negotiation

# Section 1 of 5

## Salary & Compensation

### Prompt #01 — Salary Negotiation After Job Offer

*Turn a job offer into your best possible compensation package.*

**You are** an executive coach specializing in compensation negotiation. Write a salary negotiation script for responding to a job offer.

**Deliver:**

1. Gratitude opener (genuine, brief)
2. Restate enthusiasm for the role (anchors them psychologically)
3. The ask: state your number confidently, then STOP TALKING
4. Justification using market data + your specific value
5. Total-comp reframe if base is fixed (equity/bonus/PTO)
6. Close: ask for 48 hours if you need to think

**Placeholders:** [\$X offer] · [\$Y target] · [ROLE TITLE] · [YOUR LEVERAGE]

**Tip:** Silence after stating your number is a negotiation tool, not an accident. Let it sit.

---

### Prompt #02 — Counter-Offer Response

*Respond professionally when your current employer counters your resignation.*

**You are** a career strategist who has coached 500+ professionals through counter-offer decisions. Write a response script for evaluating and replying to a counter-offer from a current employer.

**Deliver:**

1. Framework for separating 'money fix' from 'root cause'
2. Questions to ask before accepting
3. Script for politely declining if the root issue isn't solved
4. Script for accepting with conditions

**Placeholders:** [CURRENT OFFER] · [COUNTER-OFFER TERMS] · [REASON YOU WERE LEAVING]

**Tip:** Data shows most people who accept a counter-offer leave within 12 months anyway. Address the real reason.

---

### Prompt #03 — Promotion Negotiation Conversation

*Build the case and script the conversation for a promotion + raise.*

**You are** a leadership coach who preps executives for promotion conversations. Write a promotion negotiation conversation guide for asking your manager for advancement.

**Deliver:**

1. Evidence-gathering checklist (impact, scope, comparables)
2. Opening framing that centers business value

3. Response scripts for 'not in the budget' and 'not yet'
4. Follow-up email template to document commitments

**Placeholders:** [CURRENT TITLE] · [TARGET TITLE] · [KEY WINS LAST 12 MONTHS]

**Tip:** Bring the business case in writing beforehand — verbal-only asks are easy to defer.

---

## Prompt #04 — Equity & Bonus Negotiation

*Negotiate equity grants and bonus structure with confidence, not guesswork.*

**You are** a compensation analyst who has evaluated hundreds of equity offers. Write a negotiation script and evaluation framework for equity/bonus components of an offer.

**Deliver:**

1. Questions to ask about vesting, cliff, and strike price
2. Script for requesting a larger grant or refresh schedule
3. How to compare equity value across offers
4. Bonus structure negotiation talking points

**Placeholders:** [COMPANY STAGE] · [EQUITY OFFERED] · [VESTING SCHEDULE]

**Tip:** Ask for the fully diluted share count, not just the number of shares — it changes the math entirely.

---

## Prompt #05 — Total Compensation Reframe

*Reframe a stalled base-salary negotiation around the full package.*

**You are** a compensation strategist known for creative deal structuring. Write a total-compensation reframe pitch to use when base salary is fixed but other levers are open.

**Deliver:**

1. List of 8 non-base levers (signing bonus, PTO, remote days, title, review timeline, etc.)
2. Script for pivoting the conversation from base to total value
3. Prioritization framework for which levers matter most to you

**Placeholders:** [FIXED BASE] · [LEVERS AVAILABLE] · [YOUR PRIORITY ORDER]

**Tip:** An early performance review (90 days instead of 12 months) can be worth more than a small base bump.

---

## Section 2 of 5 Vendor & Supplier

### Prompt #06 — Vendor Price Reduction Pitch

*Ask an existing vendor for a lower rate without damaging the relationship.*

**You are** a procurement negotiator who has renegotiated 8-figure vendor contracts. Write a price reduction pitch for an existing vendor relationship.

**Deliver:**

1. Opening that reaffirms the relationship's value
2. Market/competitor rate framing (without threats)
3. Specific ask with a number and rationale
4. Fallback ask if a straight discount is declined (added scope, extended terms)

**Placeholders:** [VENDOR NAME] · [CURRENT RATE] · [TARGET RATE] · [CONTRACT LENGTH]

**Tip:** Lead with volume or tenure loyalty — vendors discount for retention, not just relationship warmth.

---

### Prompt #07 — Payment Terms Extension Request

*Extend payment terms (e.g., Net 30 to Net 60) to improve cash flow.*

**You are** a CFO advisor specializing in working-capital optimization. Write a payment terms extension request to a supplier.

**Deliver:**

1. Business rationale framing (growth, not distress)
2. Specific ask with proposed new terms
3. Offer of a trade-off (larger order size, longer contract)
4. Escalation path if the first contact declines

**Placeholders:** [CURRENT TERMS] · [REQUESTED TERMS] · [ANNUAL SPEND]

**Tip:** Frame the request around growth and volume, never around difficulty paying — tone changes everything.

---

### Prompt #08 — Multi-Year Contract Discount Ask

*Trade contract length for a meaningful discount.*

**You are** a strategic sourcing manager. Write a proposal requesting a discount in exchange for a multi-year contract commitment.

**Deliver:**

1. Value proposition of committing longer-term
2. Specific discount ask tied to term length (1yr/2yr/3yr tiers)
3. Protection clauses to request in return (price caps, service levels, exit rights)

**Placeholders:** [CURRENT TERM] · [PROPOSED TERM] · [TARGET DISCOUNT %]

**Tip:** Always negotiate an exit clause alongside the discount — long contracts without one are one-sided risk.

---

## **Prompt #09 — SLA Improvement Demand**

*Push a vendor to commit to better service levels without a price increase.*

**You are** a vendor management specialist. Write a service-level improvement request to a current vendor, referencing recent shortfalls.

**Deliver:**

1. Documented list of recent service gaps with dates/impact
2. Specific new SLA targets requested
3. Consequence framing (review clause, right to re-bid) if targets aren't met

**Placeholders:** [VENDOR NAME] · [CURRENT SLA] · [TARGET SLA] · [RECENT INCIDENTS]

**Tip:** Bring dated incident records — vague complaints get vague promises; specifics get specific fixes.

---

## Section 3 of 5 Business Deals

### Prompt #10 — Partnership Revenue Share Structure Proposal

*Propose a fair, specific revenue-share structure for a new partnership.*

**You are** a business development lead who has structured dozens of revenue-share deals. Write a revenue share structure proposal for a new business partnership.

**Deliver:**

1. Proposed split with rationale (who bears cost/risk)
2. Definition of what counts as 'revenue' (to avoid disputes)
3. Payment cadence and reporting terms
4. Renegotiation trigger (e.g., after volume milestones)

**Placeholders:** [PARTNER NAME] · [PROPOSED SPLIT %] · [REVENUE DEFINITION]

**Tip:** Define 'revenue' precisely in writing before signing — this is the #1 source of partnership disputes.

---

### Prompt #11 — Agency Retainer Reduction Request

*Reduce an agency retainer without losing service quality.*

**You are** a marketing operations lead managing agency relationships. Write a retainer reduction request to an external agency.

**Deliver:**

1. Business rationale (budget cycle, reduced scope)
2. Specific new retainer figure with scope adjustment
3. Options offered: reduced hours vs. reduced deliverables vs. project-based pivot

**Placeholders:** [CURRENT RETAINER] · [TARGET RETAINER] · [SCOPE TO ADJUST]

**Tip:** Offer to reduce scope alongside the reduced fee — asking for the same work at a lower price rarely lands well.

---

### Prompt #12 — Licensing Deal Counter-Proposal

*Counter an unfavorable licensing offer with better terms.*

**You are** a licensing and IP deal strategist. Write a counter-proposal to an initial licensing deal offer.

**Deliver:**

1. Point-by-point response to the original terms
2. Counter-terms on royalty rate, exclusivity, and territory
3. Minimum guarantee / advance ask if applicable

**Placeholders:** [ORIGINAL TERMS] · [ROYALTY % REQUESTED] · [TERRITORY/EXCLUSIVITY]

**Tip:** Exclusivity is worth far more than most first-time licensors realize — never give it away for free.

---

## Prompt #13 — Acquisition/Exit Preliminary Term Discussion

*Navigate the first substantive conversation about being acquired.*

**You are** an M&A; advisor who has guided founders through early exit conversations. Write a talking-points guide for a preliminary acquisition/exit term discussion.

**Deliver:**

1. Questions to ask the acquirer before discussing numbers
2. Framework for anchoring valuation expectations
3. Non-price terms to flag early (earnout, team retention, culture)
4. What NOT to disclose at this stage

**Placeholders:** [COMPANY STAGE] · [REVENUE/ARR] · [ACQUIRER TYPE]

**Tip:** Never give a valuation number first in an unsolicited conversation — ask their range before stating yours.

---

## Prompt #14 — Joint Venture Agreement Draft Outline

*Structure the key terms of a joint venture before lawyers draft the formal agreement.*

**You are** a corporate strategist experienced in joint venture formation. Write a joint venture terms outline covering governance, contribution, and exit.

**Deliver:**

1. Ownership/contribution split
2. Governance structure (decision rights, deadlock resolution)
3. IP ownership terms
4. Exit and dissolution terms

**Placeholders:** [PARTNER NAME] · [CONTRIBUTION SPLIT] · [GOVERNANCE MODEL]

**Tip:** Agree on deadlock resolution (e.g., mediation, buy-sell clause) before you need it — not after a dispute starts.

---

## Section 4 of 5

# Real Estate & Leases

### Prompt #15 — Commercial Lease Negotiation Points

*Walk into a commercial lease negotiation with a full checklist of levers.*

**You are** a commercial real estate advisor. Write a negotiation checklist for a new commercial lease.

**Deliver:**

1. Rate benchmarking approach for the local market
2. List of 10 negotiable lease terms beyond base rent
3. Tenant improvement (TI) allowance ask
4. Renewal option and rate-cap language to request

**Placeholders:** [PROPERTY TYPE] · [SQUARE FOOTAGE] · [MARKET/LOCATION]

**Tip:** TI allowance and free rent months are often easier to win than a lower base rate — negotiate all three.

---

### Prompt #16 — Lease Renewal Rate Reduction

*Push back on a renewal rate increase at lease end.*

**You are** a tenant representation broker. Write a lease renewal negotiation script pushing back on a proposed rate increase.

**Deliver:**

1. Market comparable data framing
2. Specific counter-rate with rationale
3. Leverage point: cost/disruption of the landlord losing a tenant

**Placeholders:** [CURRENT RATE] · [PROPOSED NEW RATE] · [YOUR COUNTER]

**Tip:** Landlords weigh vacancy cost heavily — a credible willingness to relocate is real leverage, use it honestly.

---

### Prompt #17 — Build-Out Concession Request

*Get the landlord to contribute to build-out costs for a new space.*

**You are** a commercial tenant advisor. Write a build-out concession request as part of new lease negotiations.

**Deliver:**

1. Scope and estimated cost of the build-out
2. Specific concession ask (TI allowance, rent abatement during construction)
3. Framing around the improvement's long-term value to the property

**Placeholders:** [BUILD-OUT SCOPE] · [ESTIMATED COST] · [REQUESTED CONCESSION]

**Tip:** Improvements you make typically become the landlord's asset at lease end — that's your strongest argument for their contribution.

## Section 5 of 5 Contracts & Terms

### Prompt #18 — Unfavorable Contract Clause Counter-Proposal

*Push back on a one-sided clause in a vendor or partner contract.*

**You are** a contracts specialist who reviews commercial agreements daily. Write a counter-proposal for a specific unfavorable clause in a contract.

**Deliver:**

1. Plain-language explanation of why the clause is risky
2. Specific redline / alternative language proposed
3. Business rationale the counterparty can accept without losing face

**Placeholders:** [CLAUSE TYPE] · [ORIGINAL LANGUAGE] · [YOUR PROPOSED LANGUAGE]

**Tip:** Frame redlines as 'making the deal work for both sides,' not as distrust — tone affects how fast it gets approved.

---

### Prompt #19 — Scope of Work Dispute Resolution

*Resolve a disagreement about what was actually included in a project's scope.*

**You are** a project delivery lead experienced in scope disputes. Write a resolution proposal for a scope-of-work disagreement with a client or vendor.

**Deliver:**

1. Neutral restatement of both positions
2. Reference to the original SOW language
3. Proposed resolution (change order, split cost, goodwill exception)
4. Process to prevent recurrence

**Placeholders:** [DISPUTED ITEM] · [ORIGINAL SOW LANGUAGE] · [PROPOSED RESOLUTION]

**Tip:** Always resolve in writing, even informally — verbal scope agreements are what caused the dispute in the first place.

---

### Prompt #20 — Force Majeure / Exit Clause Negotiation

*Negotiate fair force majeure and exit terms before signing a contract.*

**You are** a commercial contracts advisor. Write negotiation talking points for force majeure and termination/exit clauses.

**Deliver:**

1. Events that should trigger force majeure protection
2. Notice period and cure period asks
3. Exit terms: notice period, wind-down obligations, and any penalty caps

**Placeholders:** [CONTRACT TYPE] · [PROPOSED NOTICE PERIOD] · [TERMINATION TRIGGERS]

**Tip:** Cap termination penalties in writing — open-ended 'damages' language is the clause most worth pushing back on.

---
